

VERY IMPORTANT PUBLIC NOTICE

REGARDING ISSUING OF COPIED/FAKE CERTIFICATES SAME AS STED COUNCIL

STED COUNCIL authority has received a number of complaints from students, training centres and public regarding genuineness of certificates issued by similar organisation's especially at **(Manjeri-MALAPURAM), (Aluva, Kochi-ERNAKULAM)** with same format and contents. There have been several incidences where people are using our templates and making spurious copies of the certificates for their small benefits.

Students and parents be aware that all the details including similar logo, certificate format/wordings, website contents etc.. are being copied shamelessly by various organisations across the state who are doing this kind of malpractice because they do not exist on their own.

It has been came to understood that they have no valid certificate of their own, they know the fact that STED COUNCIL certificate is a valid one. They are knowingly cheating the students that they know that their certificate is worthless and STED COUNCIL is a valid one and so they are copying all its contents to look similar to STED COUNCIL.

We completely disown any responsibility towards any such incidences in future and It is therefore advised to all of you to kindly check the Genuinity of the certificate on our website **www.stedcouncil.com** through the link provided over there so as to avoid such type of incidences in future causing a great inconvenience to all of you.
